GIRL STRIKERS RIOT

STRIKING FACTORY HANDS CRE-
ATE LIVELY DISTURBANCE
AT PASSAIC, N. J.

POLICE CHARGE THE MOB

Latter, However, Drove Them Off and
They Were Compelled to Send for
Reinforcements—Four of the Riot-
ers Arrested—Crowd Only Dispersed
by a Fire Company Turning a
Stream of Water on Them.

New York, June 6.—Taking advantage of the fact that the guards at the Acheson-Harden handkerchief factory at Passaic, N. J., had been reduced to two men the girl strikers made a fierce attack on those who had taken their places in the factory. Showers of stones were thrown at the new girls as they were going to work and the factory windows were pelted. The police charged the rioters but were driven off and sent for reinforcements. When those came up three of the girls were arrested and, with a man who interfered in their behalf, were started for the police station in a wagon. A crowd of 300 followed, howling and stoning the police. At the station the mob again tried to rescue the prisoners and was only driven off by a fire company turning a stream of water from the engine upon it. The prisoners were subsequently fined \$5 each.

FIRE AT THE EXPOSITION.

Two Performers Badly Injured on the
Midway.

Buffalo, N. Y., June 6.—A fire, which, for a time, threatened to assume serious proportions, occurred at the Pan-American exposition grounds. The blaze started in the Orient, a midway show. Two of the performers were badly burned while trying to extinguish the flames. Just before the theater performance was ended smoke was seen coming from one of the small buildings in the concession. A cry of fire almost caused a panic in the theater. There was a mad rush for the exits, but fortunately the crowd was not large and no one was injured. The exposition fire department extinguished the flames.

PROSPECTS ARE BRIGHT.

Large Amount of Gold Will Come
Down the Yukon This Year.

Seattle, Wash., June 6.—The steamer Dolphin has arrived from Skagway. On June 1 the Yukon river was open from the headwaters to a point below Dawson and several steamers had arrived at White Horse.

The prospects for an enormous cleanup were bright. Former figures of \$25,000,000 to \$30,000,000 hold good. From Forty Mile comes news of discoveries of good prospects on creeks which heretofore have been considered of little or no value. Good pay dirt has been found on Hunter creek and several forks of Jack Wade creek.

FIFTEEN PRIESTS MASSACRED.

Said to Have Taken Place in Southern
Mongolia.

London, June 6.—According to a special dispatch from Peking, dated June 5, Father Beamin, an Italian priest, and 14 other priests, have been massacred at Ning Tio Liang, in Southern Mongolia.

Paucaforte Departs for London.

Washington, June 6.—The departure of Lord Paucaforte for London leaves Mr. Gerard A. Lowther as British charge d'affaires for the next five months. Mr. Lowther and the embassy staff will remain in Washington until June 15, when they will occupy the embassy quarters at Newport for the rest of the summer.

Gift by Mrs. Armour.

Chicago, June 6.—In furtherance of her plans to make the institution founded by her husband the best school of engineering in the United States, Mrs. Philip D. Armour has decided to add \$250,000 to the recent donation of \$1,000,000 made by her and her son, J. Ogden Armour, to Armour institute.

Bubonic Plague at Hong Kong.

London, June 6.—The colonial office has received a dispatch from Sir Henry A. Blake, governor of Hong Kong, announcing that 215 cases of the bubonic plague were officially reported during the week which ended June 1, and the total number of deaths thus far from the disease is 207.

Kaiser to Go to St. Petersburg.

Berlin, June 6.—The press repeats the statement that Emperor William is going to meet Emperor Nicholas in August, but at the foreign office it was asserted that his majesty's summer plans have not yet been made. The officials there, however, did not deny the report that the visit would occur.

DOING VERY WELL.

Slight Gain Noted in Mrs. McKinley's
Condition.

Washington, June 6.—Dr. Rixey made his usual nightly visit to the White House shortly after 9 o'clock and remained about an hour and a half. On leaving he said:

"Mrs. McKinley is resting very comfortably now. She has gained a little this evening but there is no marked change. She is doing very well."

While the improvement in Mrs. McKinley's condition is slight the fact that there has been no setback during the day but on the contrary a little gain was very gratifying to the White House household and the president expressed his pleasure several times during the evening. In view, however, of the gravity of the condition of the stricken mistress of the White House too much significance is not attached to the slight improvement shown. Both ups and downs have marked the progress of her illness and it is realized that whatever gain or improvement is shown may prove but temporary. For this reason, the bulletins as officially announced by the physicians once a day refer to the gain in condition in very guarded language.

AFTER INFORMATION.

Prominent War Department Officials
Going to the Philippines.

Washington, June 6.—Secretary Root made it plain that the visits of the adjutant general, commissary general, surgeon general and other officers who are going to Manila to inspect the army in the Philippines are not connected with the establishment of the civil government. He said they were going under orders for the purpose of getting information necessary to place the army in the Philippines on a peace basis, and with a view of reducing expenses to the lowest possible limit. The secretary said he would have been glad to have made the inspection himself, but finding it impossible he wanted the heads of the bureaus to see for themselves what was necessary, what was being done and to give him information upon the subject. He explained that during the war expenses became very great. It was impossible, he said, to take time to investigate thoroughly all demands and requests, but now, under a peace programme, this could be done if the department and the officers had accurate knowledge of conditions.

CHICAGO MUNICIPAL OWNERSHIP

Council Committee on Local Trans-
portation Takes Action.

Chicago, June 6.—City council legislation concerning street railway franchises and subways in the business district is to be prepared as if the present Chicago street railway companies were not in existence, the market to be thrown open to all comers and the present tracks paralleled if necessary.

This is the plan of the new council committee on local transportation, decided upon at its first business meeting. It is subject, however, to the sanction of the council and the mayor. In the proposed legislation eventual municipal ownership is provided for. The committee proposes to be ready in case the present companies desire extensions of their franchises, or in case they rely on the 99-year act. In the latter event the plan of the committee is to offer franchises to other companies.

WHITE DRIVES BOERS BACK.

Captures Horses and Recovers Stores
Looted From Jamestown.

Alliworth, Cape Colony, June 7.—Colonel White's column came in contact with Kritzinger's command northeast of Jamestown, June 3, drove the Boers back, captured 50 horses and munitions and recovered the stores looted from Jamestown.

Admiral Remey Banquetted.

Wellington, N. Z., June 6.—At the government banquet in honor of Rear Admiral Remey and the officers of his flagship, the armored cruiser Brooklyn, international courtesies were exchanged. Mr. Seddon, the New Zealand premier, who was one of the speakers, advocated an amendment of the shipping laws so as to enable colonial steamers to trade with Hawaii.

Struck by Lightning.

Chicago, June 6.—La Mode, a valuable 2-year-old filly, owned by C. E. Brosman of Chillicothe, O., was struck by a bolt of lightning and killed at the Harlem racetrack. The same bolt struck and fatally injured John Vest, an exercise boy who was standing in the stable. Several others were severely shocked, but none seriously injured.

Fire at Mare Island.

Vallejo, Cal., June 6.—A peculiar fire occurred at the Mare Island navy yard. Between 20 and 30 tons of smokeless powder was burned, causing a loss of between \$100,000 and \$500,000. The powder burned nearly all day and was not extinguished until night. The origin of the fire has not been determined.

STRUCK BY THE POLE

TWO MEN FATALLY INJURED BY
A CIRCUS TENT FALLING
AT ZANESVILLE, O.

DOZEN OTHERS INJURED

Severe Electrical Storm Passed Over
the Town and Vicinity, Doing
Much Damage—Two Other Men
Killed by Lightning—Prentice and
Oshkosh, Wis., Report Great De-
struction From a Tornado.

Zanesville, O., June 6.—While the afternoon performance of a Wild West show was in progress here a severe electrical storm broke over the city and wrecked the tent. Henry Butler and William Case were struck on the head by the tent pole and fatally hurt. James Cann was caught by a flying rope and choked into insensibility before he was rescued. A dozen other persons were badly injured. At Rose Farm, near here, Daniel Giles was killed and Jacob Ross fatally injured by lightning striking a house on which they were working. The Crooksville Baptist church was struck by lightning and badly damaged.

NO LIVES LOST.

The Town of Prentice, Wis., Visited
by a Severe Tornado.

Prentice, Wis., June 6.—A tornado struck this place during the night. The wind tore up fences and telegraph poles and totally destroyed the Swedish church and tore out the front of S. W. Pierson's store. Many dwellings were damaged and the property loss will be very heavy.

The tornado came in the shape of a funnel-shaped cloud from the Southwest. The boarding house of Mrs. J. E. Huff was moved from its foundation and the Jump River House was badly damaged. Chimneys and window glass throughout the city were demolished. Van Duzon & Co.'s lumber yard suffered heavy damage, some of the lumber being half a mile away. No lives are reported lost. Communication with surrounding villages is cut off.

TORNADO AT OSHKOSH.

Wisconsin Town Visited by the Worst
Storm in Years.

Milwaukee, June 6.—A special to The Sentinel from Oshkosh, Wis., says:

Oshkosh and the surrounding sections was visited by the worst tornado that it has known in years. The rain fell like a cloudburst and the wind blew a gale. As far as the city is concerned it escaped with the blowing down of trees and poles and the leaving of some portions of the city in darkness. Traffic on the interurban railway between here and Neenah was stopped on account of trees and poles being blown across the track.

DR. WYETH PRESIDENT.

Elected to the Head of the American
Medical Association.

St. Paul, June 6.—Dr. John Wyeth of New York has been elected president of the American Medical association.

Dr. Charles A. Wheaton of St. Paul was defeated for the presidency by a narrow margin of two or three votes. The nominating committee met at a late hour in the afternoon and immediately took a vote on the three candidates. Dr. Charles Wyeth of New York, Dr. Frank Billings of Chicago and Dr. C. A. Wheaton of St. Paul. It was impossible to get the exact standing of the vote, because the members of the nominating committee thought it would not be right to give out any information until the association had been notified officially.

MURDERER ESCAPED.

Widow Shot and Killed at Her Home
in Detroit.

Detroit, Mich., June 6.—Mrs. Jennie Parish, a widow, aged 37, was shot and killed by Lewis Weeks, at her home here. Weeks came to Mrs. Parish's home and demanded admittance, but was refused. He broke in the door and then told Mrs. Parish he had come to kill her, at the same time firing two shots into her right side. Weeks escaped. He has a wife and three children. Mrs. Parish named Weeks as her slayer before she died. Her daughter Carrie, aged 12, witnessed the shooting.

Wisconsin Cadet Is Highest.

Annapolis, Md., June 6.—The final standing of the graduating class of naval cadets has been determined. This embraces the marks in every subject for the 4-year course. The highest mark obtainable is 76. Julius A. Furer of Wisconsin leads with a mark of 682.38, and William H. Fogarty of Ohio is second with 679.99. The first six members are "star" members—that is, they obtained 85 per cent or over of the possible high mark.

WANT TOO HIGH A PRICE.

Sioux Ask Five Dollars Per Acre for
Rosebud Lands.

Sioux Falls, S. D., June 6.—When negotiations are resumed by Inspector McLaughlin of the Indian bureau with the Sioux Indians on the Rosebud reservation for the cession by them to the government of that portion of their reservation lying within the boundaries of Gregory county, in the southern part of the state, immediately north of the Nebraska line, temporary difficulty will doubtless be experienced in the settlement of the price per acre to be paid the Indians.

The tract which it is desired to have ceded by the Indians and opened to white settlement contains about 100,000 acres. According to the best information obtainable, the Indians are willing to dispose of the land, but are said to want \$5 per acre for it. Of course, the government will not pay so high a price, and Inspector McLaughlin will probably have some trouble, but those who know him do not doubt that in due time he will prevail upon them to accept the customary price of \$1.25 per acre.

BLUE GRASS OIL.

Texas Not the Only Southern State
That Can Spout.

Lexington, Ky., June 6.—Kentucky's oil boom has been launched. Following on the great wells in Clinton county comes the reports of wells approaching the gusher class in Bath county. On Sunday a well was sunk to the depth of 500 feet near Yale, Bath county, and has since yielded 100 barrels per day. Eight wells have been sunk during the past few weeks which are turning out from 40 to 80 barrels per day. There are now six or seven companies working in the Yale fields, and a pipe line to Salt Lick is being built. One company has just placed an order for 25,000 barrels. Speculators are buying up the lands as fast as farmers can be induced to turn loose.

Business Portion Burned.

Fennville, Mich., June 6.—The business portion of Fennville has been wiped out by fire. The entire opera house block, including several stores, is in ruins, and the stores on the north side of the street are in flames. The loss is not yet known.

American Protest to Turkey.

Constantinople, June 6.—The United States legation has formally protested against the decree of the Ottoman government prohibiting the entry of Armenians who have obtained American protection.

AN OBTRUSION TO HIM.

J. H. Hallett Objects to Having Streets
Blocked—Warrants Issued for
Arrest of Conductors.

J. H. Hallett is up in arms and does not propose to dally with the matter which is most vividly impressed on his mind these days. He has taken a hand in organizing against a class of men commonly called conductors and intends to have them incarcerated unless they desist from stopping their trains on crossings.

The city ordinance provides that the trains shall not stop longer than five minutes on a crossing unless they are working. This is the bone of contention. And it is not presumed that Mr. Hallett would object to this if it was any other than the measly log train that blocked First street for a short time a few days ago.

Mr. Hallett has had three warrants sworn out and as soon as the three conductors who violated the ordinance can be secured they will be taken before a justice.

MURDERER ESCAPED.

Widow Shot and Killed at Her Home in Detroit.

Detroit, Mich., June 6.—Mrs. Jennie Parish, a widow, aged 37, was shot and killed by Lewis Weeks, at her home here. Weeks came to Mrs. Parish's home and demanded admittance, but was refused. He broke in the door and then told Mrs. Parish he had come to kill her, at the same time firing two shots into her right side. Weeks escaped. He has a wife and three children. Mrs. Parish named Weeks as her slayer before she died. Her daughter Carrie, aged 12, witnessed the shooting.

Wisconsin Cadet is Highest.

Annapolis, Md., June 6.—The final standing of the graduating class of naval cadets has been determined. This embraces the marks in every subject for the 4-year course. The highest mark obtainable is 76. Julius A. Furer of Wisconsin leads with a mark of 68.23, and William H. Fogarty of Ohio is second with 67.99. The first six members are "star" members—that is, they obtained 85 per cent or over of the possible high mark.

WANT TOO HIGH A PRICE.

Sioux Ask Five Dollars Per Acre for Rosebud Lands.

Sioux Falls, S. D., June 6.—When negotiations are resumed by Inspector McLaughlin of the Indian bureau with the Sioux Indians on the Rosebud reservation for the cession by them to the government of that portion of their reservation lying within the boundaries of Gregory county, in the southern part of the state, immediately north of the Nebraska line, temporary difficulty will doubtless be experienced in the settlement of the price per acre to be paid the Indians. The tract which it is desired to have ceded by the Indians and opened to white settlement contains about 100,000 acres. According to the best information obtainable, the Indians are willing to dispose of the land, but are said to want \$5 per acre for it. Of course, the government will not pay so high a price, and Inspector McLaughlin will probably have some trouble, but those who know him do not doubt that in due time he will prevail upon them to accept the customary price of \$1.25 per acre.

BLUE GRASS OIL.

Texas Not the Only Southern State That Can Spout.

Lexington, Ky., June 6.—Kentucky's oil boom has been launched. Following on the great wells in Clinton county comes the reports of wells approaching the gusher class in Bath county. On Sunday a well was sunk to the depth of 500 feet near Yale, Bath county, and has since yielded 100 barrels per day. Eight wells have been sunk during the past few weeks which are turning out from 40 to 80 barrels per day. There are now six or seven companies working in the Yale fields, and a pipe line to Salt Lick is being built. One company has just placed an order for 25,000 barrels. Speculators are buying up the lands as fast as farmers can be induced to turn loose.

Business Portion Burned.

Fennville, Mich., June 6.—The business portion of Fennville has been wiped out by fire. The entire opera house block, including several stores, is in ruins, and the stores on the north side of the street are in flames. The loss is not yet known.

American Protest to Turkey.

Constantinople, June 6.—The United States legation has formally protested against the decree of the Ottoman government prohibiting the entry of Armenians who have obtained American protection.

AN OBTRUSION TO HIM.

J. H. Hallett Objects to Having Streets Blocked—Warrants Issued for Arrest of Conductors.

J. H. Hallett is up in arms and does not propose to dally with the matter which is most vividly impressed on his mind these days. He has taken a hand in organizing against a class of men commonly called conductors and intends to have them incarcerated unless they desist from stopping their trains on crossings.

The city ordinance provides that the trains shall not stop longer than five minutes on a crossing unless they are working. This is the bone of contention. And it is not presumed that Mr. Hallett would object to this if it was any other than the measly log train that blocked First street for a short time a few days ago.

Mr. Hallett has had three warrants sworn out and as soon as the three conductors who violated the ordinance can be secured they will be taken before a justice.

GIRL STRIKERS RIOT

**STRIKING FACTORY HANDS CRE-
ATE LIVELY DISTURBANCE
AT PASSAIC, N. J.**

POLICE CHARGE THE MOB

Latter, However, Drove Them Off and They Were Compelled to Send for Reinforcements—Four of the Rioters Arrested—Crowd Only Dispersed by a Fire Company Turning a Stream of Water on Them.

New York, June 6.—Taking advantage of the fact that the guards at the Acheson-Harden handkerchief factory at Passaic, N. J., had been reduced to two men the girl strikers made a fierce attack on those who had taken their places in the factory. Showers of stones were thrown at the new girls as they were going to work and the factory windows were pelted. The police charged the rioters but were driven off and sent for reinforcements. When those came up three of the girls were arrested and, with a man who interfered in their behalf, were started for the police station in a wagon. A crowd of 300 followed, howling and stoning the police. At the station the mob again tried to rescue the prisoners and was only driven off by a fire company turning a stream of water from the engine upon it. The prisoners were subsequently fined \$5 each.

FIRE AT THE EXPOSITION.

Two Performers Badly Injured on the Midway.

Buffalo, N. Y., June 6.—A fire, which, for a time, threatened to assume serious proportions, occurred at the Pan-American exposition grounds. The blaze started in the Orient, a midway show. Two of the performers were badly burned while trying to extinguish the flames. Just before the theater performance was ended smoke was seen coming from one of the small buildings in the concession. A cry of fire almost caused a panic in the theater. There was a mad rush for the exits, but fortunately the crowd was not large and no one was injured. The exposition fire department extinguished the flames.

PROSPECTS ARE BRIGHT.

Large Amount of Gold Will Come Down the Yukon This Year.

Seattle, Wash., June 6.—The steamer Dolphin has arrived from Skagway. On June 1 the Yukon river was open from the headwaters to a point below Dawson and several steamers had arrived at White Horse.

The prospects for an enormous cleanup were bright. Former figures of \$25,000,000 to \$30,000,000 hold good.

From Forty Mile comes news of discoveries of good prospects on creeks which heretofore have been considered of little or no value. Good pay dirt has been found on Hunter creek and several forks of Jack Wade creek.

FIFTEEN PRIESTS MASSACRED.

Said to Have Taken Place in Southern Mongolia.

London, June 6.—According to a special dispatch from Peking, dated June 5, Father Beamin, an Italian priest, and 14 other priests, have been massacred at Ning Tio Liang, in Southern Mongolia.

Pauncfote Departs for London.

Washington, June 6.—The departure of Lord Pauncfote for London leaves Mr. Gerard A. Lowther as British charge d'affaires for the next five months. Mr. Lowther and the embassy staff will remain in Washington until June 15, when they will occupy the embassy quarters at Newport for the rest of the summer.

Gift by Mrs. Armour.

Chicago, June 6.—In furtherance of her plans to make the institution founded by her husband the best school of engineering in the United States, Mrs. Philip D. Armour has decided to add \$250,000 to the recent donation of \$1,000,000 made by her and her son, J. Ogden Armour, to Armour institute.

Bubonic Plague at Hong Kong.

London, June 6.—The colonial office has received a dispatch from Sir Henry A. Blake, governor of Hong Kong, announcing that 215 cases of the bubonic plague were officially reported during the week which ended June 1, and the total number of deaths thus far from the disease is 297.

Kaiser to Go to St. Petersburg.

Berlin, June 6.—The press repeats the statement that Emperor William is going to meet Emperor Nicholas in August, but at the foreign office it was asserted that his majesty's summer plans have not yet been made. The officials there, however, did not deny the report that the visit would occur.

DOING VERY WELL.

Slight Gain Noted in Mrs. McKinley's Condition.

Washington, June 6.—Dr. Rixey made his usual nightly visit to the White House shortly after 9 o'clock and remained about an hour and a half. On leaving he said:

"Mrs. McKinley is resting very comfortably now. She has gained a little this evening but there is no marked change. She is doing very well."

While the improvement in Mrs. McKinley's condition is slight the fact that there has been no setback during the day but on the contrary a little gain was very gratifying to the White House household and the president expressed his pleasure several times during the evening. In view, however, of the gravity of the condition of the stricken mistress of the White House too much significance is not attached to the slight improvement shown. Both ups and downs have marked the progress of her illness and it is realized that whatever gain or improvement is shown may prove but temporary. For this reason, the bulletins as officially announced by the physicians once a day refer to the gain in condition in very guarded language.

AFTER INFORMATION.

Prominent War Department Officials Going to the Philippines.

Washington, June 6.—Secretary Root made it plain that the visits of the adjutant general, commissary general, surgeon general and other officers who are going to Manila to inspect the army in the Philippines are not connected with the establishment of the civil government. He said they were going under orders for the purpose of getting information necessary to place the army in the Philippines on a peace basis, and with a view of reducing expenses to the lowest possible limit. The secretary said he would have been glad to have made the inspection himself, but finding it impossible he wanted the heads of the bureaus to see for themselves what was necessary, what was being done and to give him information upon the subject. He explained that during the war expenses became very great. It was impossible, he said, to take time to investigate thoroughly all demands and requests, but now, under a peace programme, this could be done if the department and the officers had accurate knowledge of conditions.

CHICAGO MUNICIPAL OWNERSHIP

Council Committee on Local Transportation Takes Action.

Chicago, June 6.—City council legislation concerning street railway franchises and subways in the business district is to be prepared as by the present Chicago street railway companies were not in existence, the market to be thrown open to all comers and the present tracks paralleled if necessary.

This is the plan of the new council committee on local transportation, decided upon at its first business meeting. It is subject, however, to the sanction of the council and the mayor. In the proposed legislation eventual municipal ownership is provided for. The committee proposes to be ready in case the present companies desire extensions of their franchises, or in case they rely on the 99-year act. In the latter event the plan of the committee is to offer franchises to other companies.

WHITE DRIVES BOERS BACK.

Captures Horses and Recovers Stores Looted From Jamestown.

Alliworth, Cape Colony, June 7.—Colonel White's column came in contact with Kritzinger's command northeast of Jamestown, June 3, drove the Boers back, captured 50 horses and munitions and recovered the stores looted from Jamestown.

Admiral Remey Banquetted.

Wellington, N. Z., June 6.—At the government banquet in honor of Rear Admiral Remey and the officers of his flagship, the armored cruiser Brooklyn, international courtesies were exchanged. Mr. Seddon, the New Zealand premier, who was one of the speakers, advocated an amendment of the shipping laws so as to enable colonial steamers to trade with Hawaii.

Struck by Lightning.

Chicago, June 6.—La Mode, a valuable 2-year-old filly, owned by C. E. Brosman of Chillicothe, O., was struck by a bolt of lightning and killed at the Harlem racetrack. The same bolt struck and fatally injured John Vest, an exercise boy who was standing in the stable. Several others were shocked, but none seriously injured.

Fire at Mare Island.

Vallejo, Cal., June 6.—A peculiar fire occurred at the Mare Island navy yard. Between 20 and 30 tons of smokeless powder was burned, causing a loss of between \$400,000 and \$500,000. The powder burned nearly all day and was not extinguished until night. The origin of the fire has not been determined.

STRUCK BY THE POLE

**TWO MEN FATALLY INJURED BY
A CIRCUS TENT FALLING
AT ZANESVILLE, O.**

DOZEN OTHERS INJURED

Severe Electrical Storm Passed Over the Town and Vicinity, Doing Much Damage—Two Other Men Killed by Lightning—Prentice and Oshkosh, Wis., Report Great Destruction From a Tornado.

Zanesville, O., June 6.—While the afternoon performance of a Wild West show was in progress here a severe electrical storm broke over the city and wrecked the tent. Henry Butler and William Case were struck on the head by the tent pole and fatally hurt. James Cann was caught by a flying rope and choked into insensibility before he was rescued. A dozen other persons were badly injured. At Rose Farm, near here, Daniel Giles was killed and Jacob Ross fatally injured by lightning striking a house on which they were working. The Crooksville Baptist church was struck by lightning and badly damaged.

NO LIVES LOST.

The Town of Prentice, Wis., Visited by a Severe Tornado.

Prentice, Wis., June 6.—A tornado struck this place during the night. The wind tore up fences and telegraph poles and totally destroyed the Swedish church and tore out the front of S. W. Pierson's store. Many dwellings were damaged and the property loss will be very heavy.

The tornado came in the shape of a funnel-shaped cloud from the Southwest. The boarding house of Mrs. J. E. Huff was moved from its foundation and the Jump River House was badly damaged. Chimneys and window glass throughout the city were demolished. Van Duzon & Co.'s lumber yard suffered heavy damage, some of the lumber being half a mile away. No lives are reported lost. Communication with surrounding villages is cut off.

TORNADO AT OSHKOSH.

Wisconsin Town Visited by the Worst Storm in Years.

Milwaukee, June 6.—A special to The Sentinel from Oshkosh, Wis., says:

Oshkosh and the surrounding sections was visited by the worst tornado that it has known in years. The rain fell like a cloudburst and the wind blew a gale. As far as the city is concerned it escaped with the blowing down of trees and poles and the leaving of some portions of the city in darkness. Traffic on the interurban railway between here and Neenah was stopped on account of trees and poles being blown across the track.

DR. WYETH PRESIDENT.

Elected to the Head of the American Medical Association.

St. Paul, June 6.—Dr. John Wyeth of New York has been elected president of the American Medical association.

Dr. Charles A. Wheaton of St. Paul was defeated for the presidency by a narrow margin of two or three votes. The nominating committee met at a late hour in the afternoon and immediately took a vote on the three candidates. Dr. Charles Wyeth of New York, Dr. Frank Billings of Chicago and Dr. C. A. Wheaton of St. Paul. It was impossible to get the exact standing of the vote, because the members of the nominating committee thought it would not be right to give out any information until the association had been notified officially.

DOCTORS IN SESSION.

American Medical Association Meets in St. Paul.

St. Paul, June 5.—More than 1,000 physicians from every part of the American continent gathered in the Metropolitan Opera House during the morning for the opening session of the American Medical association. The meeting was called to order by Dr. John F. Fulton of St. Paul, chairman of the local committee in charge of the convention. Right Rev. Henry B. Duane, bishop of the Episcopal church, offered the invocation, after which Mayor R. A. Smith welcomed the doctors and tendered them the freedom of the city. The response to the address of welcome was made by Dr. C. A. L. Reed of Cincinnati, president of the association. After the addresses the association settled down to hearing reports and transacting other routine business.

MR. CARNEGIE TALKS.

Says Continental Powers Will Combine Against Great Britain. London, June 5.—"Mark my words," said Andrew Carnegie to a representative of the Associated Press, "the time is coming when the continental powers will combine to smash up this little island of Great Britain. When that happens she will have to turn to the United States for help. I feel certain it will not be refused. The United States will step in and say 'Don't.' They will act just as Great Britain did in the Spanish-American war. What she did then was great and it is not forgotten yet."

When Mr. Carnegie gave utterance to these sentences he was at the Langham hotel, London, where he arrived from Scotland to attend the chamber of commerce gatherings. Until now he had steadfastly refused to be interviewed.

Vatican Will Reopen Negotiations. St. Petersburg, June 5.—The report that a special mission from the Vatican is expected to reopen the negotiations for the establishment of a nunciature at St. Petersburg is confirmed. Russia is satisfied with the present arrangement by which business is transacted through the resident at Rome and it is not believed the papal wishes will be gratified.

Daughter of Marcus Daly Weds. New York, June 5.—Miss Mary Daly, daughter of the late Marcus Daly, was married to James Watson Gerard of this city. The ceremony was performed at the residence of the bride's mother by Bishop Potter. The bride was given away by her brother, Marcus Daly. Her only attendant was her young sister, Miss Harriet Daly.

Boer Prisoners for Bermuda. Hamilton, Bermuda, June 5.—The governor has received notification that the transport Armenian will arrive here July 3, with 900 Boer prisoners and that two companies of the Royal Warwickshire regiment will act as their guards.

American Engines for Switzerland. London, June 5.—"The United States will supply electric engines," says a dispatch from Geneva to The Daily Express, "for the mountain railway between Zinal and Zermatt."

The Accidents of Fortune. The American farmer must have a care in turning the soil of his farm, says the St. Louis Post-Dispatch, lest he come upon gold or petroleum and have to take upon himself the burdens and responsibilities of a millionaire.

The Congregationalists have not yet secured a pastor, but is expected they will have one in a week or so.—Aitkin Republican.

The woodmen picnic committee have secured the St. Cloud base ball team to come here and play during the picnic.—Todd County Argus.

P. W. Swedberg, who recently returned from the Philippines, has a lengthy writeup of the resources of the Island in the Aitkin Republican.

The building of a telephone toll line between Duluth and Crookston, through Fosston and Bemidji, is one of the projects being considered by the Iron Range Telephone Co.—Bemidji Pioneer.

Over Sauk Centre way they had a snake show recently and in the issue of the Herald for that week it was stated that at the field day events Alexandria had a "man who could jump eighteen feet."

Corn planting and other late seeding is reported all finished in Moose Creek, and wheat and all small grains never before, at this season of the year, gave better promise of an abundant harvest.—Beltrami Co. Advocate.

A neighbor's chimney tumbled onto the roof of Bro. Hannaford's sanctum sanctorum at Virginia the other day, and scared him 'most to death. He imagined the "tin horn" element was making its promised raid.—Crookston Daily Journal.

Dr. Frank Blakeslee, of Bemidji, was in the city Friday on his return home from Fergus Falls, where he was taken by Deputy Marshall Tufts to answer to the charge of timber trespassing. The doctor was released on a \$1,000 bond.—Wadena Tribune.

When the Soldiers Get Home.

In his rounds THE DISPATCH reporter asked G. W. Holland about the movements in real estate. He answered everywhere in the city limits and out side the city new buildings are springing up like weeds in wet weather.

"Through the columns of the DISPATCH I wish you would tell the people the soldiers will soon be in Brainerd fully organized, armed, equipped and ready for war.

They will be camped and do their target practicing on my cheap five acre farms within 2 or 3 blocks of the 4th ward school house in this city.

I have only a few of these cheap, five acre farms so near the 4th ward school house and within 100 rods of the Northern Pacific shops left, and in their eagerness to examine and select one, the people must be careful and not get in the way of the bullets when the soldiers are at target practice.

Ordinance No. 3 prohibits shooting in the city except in defence of self, family or property, but Captain Adair with his experience in Municipal affairs thinks that if there are 1000 soldiers armed with loaded Krag-Jorgenson rifles with bayonets and 50 rounds of ammunition each, and armed sentinals on guard line near together, he can coax the police with their clubs not to arrest the boys in blue and he thinks the police may possibly consent that the soldiers may do their target practice in the city contrary to said ordinance.

Captain Adair may find more serious questions before he gets the matter arranged.

Dr. Groves says he will demand fair play, and that the case now pending in court against him for discharging a loaded firearm in defense of his property be dismissed and that he have the same rights as the soldiers in the time of peace.

I am not interested in any of these questions and speak of them only so the people will be careful and keep out of the fire line while examining my cheap, rich, five acre farms just across the road from the big 4th ward schoolhouse which is being doubled in size this summer to accommodate the effect of the richness of the soil in that locality."

"Through the columns of the DISPATCH I wish you would tell the people the soldiers will soon be in Brainerd fully organized, armed, equipped and ready for war.

They will be camped and do their target practicing on my cheap five acre farms within 2 or 3 blocks of the 4th ward school house in this city.

I have only a few of these cheap, five acre farms so near the 4th ward school house and within 100 rods of the Northern Pacific shops left, and in their eagerness to examine and select one, the people must be careful and not get in the way of the bullets when the soldiers are at target practice.

Ordinance No. 3 prohibits shooting in the city except in defence of self, family or property, but Captain Adair with his experience in Municipal affairs thinks that if there are 1000 soldiers armed with loaded Krag-Jorgenson rifles with bayonets and 50 rounds of ammunition each, and armed sentinals on guard line near together, he can coax the police with their clubs not to arrest the boys in blue and he thinks the police may possibly consent that the soldiers may do their target practice in the city contrary to said ordinance.

Captain Adair may find more serious questions before he gets the matter arranged.

Dr. Groves says he will demand fair play, and that the case now pending in court against him for discharging a loaded firearm in defence of his property be dismissed and that he have the same rights as the soldiers in the time of peace.

I am not interested in any of these questions and speak of them only so the people will be careful and keep out of the fire line while examining my cheap, rich, five acre farms just across the road from the big 4th ward schoolhouse which is being doubled in size this summer to accommodate the effect of the rickness of the soil in that locality."

DOCTORS IN SESSION.

American Medical Association Meets in St. Paul.

St. Paul, June 5.—More than 1,000 physicians from every part of the American continent gathered in the Metropolitan Opera House during the morning for the opening session of the American Medical association. The meeting was called to order by Dr. John F. Fulton of St. Paul, chairman of the local committee in charge of the convention. Right Rev. Henry H. Pieper, bishop of the Episcopal church, offered the invocation, after which Mayor R. A. Smith welcomed the doctors and tendered them the freedom of the city. The response to the address of welcome was made by Dr. C. A. L. Reed of Cincinnati, president of the association. After the addresses the association settled down to hearing reports and transacting other routine business.

MR. CARNEGIE TALKS.

Says Continental Powers Will Combine Against Great Britain.

London, June 5.—"Mark my words," said Andrew Carnegie to a representative of the Associated Press, "the time is coming when the continental powers will combine to smash up this little island of Great Britain. When that happens she will have to turn to the United States for help. I feel certain it will not be refused. The United States will step in and say 'Don't.' They will act just as Great Britain did in the Spanish-American war. What she did then was great and it is not forgotten yet."

When Mr. Carnegie gave utterance to these sentences he was at the Langham hotel, London, where he arrived from Scotland to attend the chamber of commerce gatherings. Until now he had steadfastly refused to be interviewed.

Vatican Will Reopen Negotiations. St. Petersburg, June 5.—The report that a special mission from the Vatican is expected to reopen the negotiations for the establishment of a nunciature at St. Petersburg is confirmed. Russia is satisfied with the present arrangement by which business is transacted through the resident at Rome and it is not believed the papal wishes will be gratified.

When the Soldiers Get Home.

In his rounds THE DISPATCH reporter asked G. W. Holland about the movements in real estate. He answered everywhere in the city limits and out side the city new buildings are springing up like weeds in wet weather.

"Through the columns of the DISPATCH I wish you would tell the people the soldiers will soon be in Brainerd fully organized, armed, equipped and ready for war.

CLASS OF 1901.

Lottie Elizabeth White.

Edgar Kay Parks.
Ella Mitchell.
Walter Clifford Hinman.
Dottie Sorenson.
Katie May Paine.
Francis Charles McGivern.
Catherine Anna Cosgrove.

Cleverly written essays, good orchestral music, beautiful floral contributions and the excellent musical numbers marked the event of the graduating exercises of the class of 1901 at Gardner hall last evening. The hall was filled long before the hour to its utmost seating and standing capacity, and never has any class of the Brainerd High School enjoyed the distinction of graduating before a more appreciative and intelligent audience.

The stage had been transformed into a bower of beauty, a great American flag being used as an excellent back ground for the pleasing arrangement of banks of evergreen, potted plants and cut flowers. The class colors, old rose and cream, were used in profusion, one of the most distinct features being a large old rose and cream colored banner stretched across in front of the stage with the class motto, "Non Scholae Sed Vitae Discimus", printed thereon.

The seating space on the platform was occupied by Prof. John L. Torrens, Prof. Hanft and Miss Ruth S. Hutchinson and the members of the graduating class, the young lady members of the class appearing to good advantage in their gowns of immaculate white. Graham's orchestra furnished the music for the occasion and after the rendition of two numbers, the ten members of the class accompanied by members of the faculty marched to the stage. The appearance of the class drew forth deafening applause which was certainly a compliment and must have stirred the hearts of the ten young people who were about to be graduated.

After the orchestral numbers invocation was offered by Rev. Father D. W. Lynch in a very impressive manner.

Miss Lottie Elizabeth White demonstrated her adaptability as a salutarian, her address of welcome being replete and unique. Representing the class she stated that the greeting was of especial welcome for there was a feeling that the interest of those assembled, ever manifest toward the members of the class, had encouraged them to strive toward ideals brought before them by their faithful instructors. There was a feeling that it was an old story to tell those who had assembled how much they owed to its financiers, but it was true. Miss White brought out the thought that this was no ordinary graduating exercise or commencement festival. This class has the honor of appearing before a Brainerd audience as the first to graduate from the High School in the twentieth century. None can lay claim to this fact—they are first. A very apt and witty presentation was made of the facts and Miss White received many congratulations.

Miss Muriel Burrell's essay on "Patriotism" shows some good work and some excellent thoughts were presented which she deemed were the true elements of patriotism. Patriotism is the love of country; the passion of man which prompts him to defend his country and principles at the risk of his life, if need be. She pointed out that there was sometimes a claim to patriotism which should be rejected, for the elements were not patriotic at all. As true examples of the higher patriotism she pointed to such men as

Nathan Hale and Benedict Arnold. In reviewing ancient history it is found that all governments are founded upon patriotism. Rome and Athens are examples of what patriotism will do. Luxury and selfishness crushed, virtue and patriotism die. This is a fair example of other countries that have failed. The greatest patriotism is not always exemplified in the laying down of one's life. One can be a patriot in times of peace by living an honest life, true to himself and to his country.

Mr. Edgar Kay Park's presentation of the "Future of Brainerd" was very interesting in point of composition and thought as will as being complete with some excellent statistics. He said that one of the great laws of the universe was that all things must grow from small beginnings and reach their fullest development after a long and oftentimes painful struggle. Mr. Parks went over the improvements made in the city and pointed out in a very minute and interesting manner the many improvements in the city. He stated that it was a pleasant thing to the class that Brainerd was going onward and upward and it would be the firm desire of the class of 1901 to do what it could to advance the interests of the city.

Miss Ella Mitchell had a very well written essay on "Habit" and it was very interesting. Longfellow, she said, tells us that life is one and universal. "The poet was probably thinking of both plant and animal life. It has been said that man is a bundle of habits. At any rate a man's true character is disclosed by his habits. To a great extent our habits are influenced by our friends and companions. Success in life depends on the strength of the individual to cultivate the good habits.

Mr. Walter Clifford Hinman treated the subject of "Athletics" in a very able manner. He said that education in the highest sense of the word did not mean the ability to force the greatest amount of learning into one's brains; but rather to develop the mental, moral and physical faculties. This at least is the standard of modern educators. In early history academies and colleges took a great interest in athletics. Mr. Hinman reviewed the history of the different games and talked at some length about the popularity of the different ones played in this country.

Miss Dottie Sorenson had an essay on "Who is Brave?" The brave, she said, were not necessarily those who performed great deeds in the face of danger and for so doing merited the praise of a nation, for often times, all unknown to the outside world, deeds which require a great deal more of genuine courage are unhesitatingly performed. She spoke at length about the motive of an act of bravery. The pages of history tell of the great deeds of men at war. As the greatest example of bravery she pointed out George Washington—he of greatest fame, the father of the country. He who does that which is right in spite of the temptations which assail him on every hand, who would rather give up his life than sacrifice principles, is the man of the finest type of bravery.

Miss Katie May Paine had an essay on the subject, "Each and all." Tomorrow the class members go forth into the wide world there to make themselves what they will. The world is theirs to use as they will and as individuals make up the whole they will form a part of the great elements which mould and build up. Every person is led and he himself is a leader. Especially is this true among friends. To-day they stand upon the border line between the past and the future but to-morrow they go forth to make progress. As their strength is so will their progress be. Beings live but to act, that each to-morrow find them farther than to-day.

Francis Charles McGivern spoke on "Triumphant Democracy." Mr.

McGivern's effort was especially pleasing and so thoroughly did he captivate the audience that he was interrupted during the delivery with frequent applause. It was the best effort of the evening. His delivery for a young man is excellent and he should be encouraged. He said that from the earliest period of history there has been witnessed the struggle of man for absolute freedom. He has attempted and failed and generations and centuries have only recorded the repetition of his failure. Through the turbulent centuries the individual man has forged to the front, he is still in the heat of the struggle but he has tested his power, he has proved his strength and he knows that the world is his.

Miss Katharine Anna Cosgrove presented a strong, well written essay on the "Success in Life." Her delivery was especially good and it was a very meritorious effort. From the earliest days of childhood, she said, we meet with obstacles that must be overcome before we can make any progress. Study and perseverance are easy and pleasant for when the pain is gone we forget the cause of it. But to stop and give up the disagreeable tasks that present themselves one would be at the mercy of the world, not like the child that is learning to walk, for we could not be expected to be urged on. None are born wise and though it may be easier for some to become wise than others, the most learned are those who have studied the hardest and who have fought all the battles as they presented themselves. Not only in the schoolroom is success attained by perseverance but in every profession in life.

Miss Eloise Smith had a very poetically written essay on the, "Comedy of Life." Happy is the man who can regard life as comedy and at the same time prevent it from degeneration into a farce. To him the world becomes a bower of roses instead of a vale of tears; his path through life a joyous stroll instead of a mournful pilgrimage; his misfortune the occasion of a laugh as with a brave endeavor the sob is stilled, unborn. His is the brave soul that will admit of no circumstances which it cannot surmount and control. He is the man who has learned in the cruel school of experience that a narrow thread divides comedy and tragedy and that either a tear or a smile may determine which the play may be. While no valedictory address had been advertised technically, Miss Smith had this honor. In her address to the class mates she said that after last night the class would probably never meet again as an organization. The interest, however, in one another will always be felt. To the superintendent and teachers she extended on behalf of the class heartfelt thanks for the benefit of the instruction and guidance. The never failing interest and patience of the teachers was mentioned as a potent factor in their school labors. To the president and board of education Miss Smith paid a high compliment to their earnestness and solicitude in behalf of the class; for the gifted teachers and excellent methods of training; and for the kindness and favors shown the class.

To citizens and friends the class felt much indebted for they realized that without their assistance the public schools would not be what they are today. In closing Miss Smith said that the happy memories of these past years will hinge in their hearts and it was hoped that all would retain some remembrances of the class of 1901.

Prof. J. L. Torrens then addressed the class at length and presented the individual members with their diplomas. He said that when he came to this city in August of last year the thing that impressed him the most, from an educational standpoint, was the magnificence of the school buildings. When the improvements this year are completed, he said, no city in the state of Minnesota could boast of five such fine school buildings. He also spoke of the increase in attendance over the preceding year. The total enrollment for the year preceding this one was 1900, while this year the enrollment reaches 2001. The professor had a pleasant look on his face and he stated while he had no claim on this class in particular, having spent but a year in the city, still he felt that they were a credit to the city and an honor to the schools.

The music of the evening was furnished by Miss Jennie Mysen, who gave an instrumental solo; Frank McCarthy, who gave a vocal solo; and a sextette of very handsome young maidens. The benediction was offered by Rev. A. H. Carver.

WEDDING BELLS RING OUT.

Hagberg-Lindbergh Nuptial Ceremony Celebrated Last Night At 8 O'Clock.

THREE WEDDINGS CHRONICLED.

Miss Emma Schmid Married to Mr. Ami Guld Shanks-Walters-Fox Ceremony.

One of the prettiest weddings that has been witnessed in the city of Brainerd for sometime was the one that occurred last evening at 8 o'clock at the Norwegian Lutheran church when the nuptials of Mr. Charles Oscar Hagberg and Miss Eda Marie Lindbergh, both popular young people of this city, were solemnized, the Rev. J. A. Johnson officiating.

After the wedding ceremony the party partook of a wedding dinner at the home of the bride's parents, Mr. and Mrs. O. A. Lindbergh. The dining room had been handsomely decorated for the occasion, pink and white being the predominating colors. Evergreen and white honeysuckle were profusely used in the decorations. The presents were very numerous and handsome.

The maid of honor was Miss Ruth Lindbergh and Mr. Fritz Hagberg, brother of the groom, was best man. The bridesmaids were the Misses Jennie Lindeen and Emma Beck and the groomsmen were Messrs. John Bye and Erick Westberg.

The bride wore a gown made of white organdy trimmed with point lace and chiffon with a satin girdle. She carried in her hand a bouquet of cream colored roses. The groom was attired in the conventional cut-away suit.

The church had been decorated in an elaborate and elegant manner and the scene was a beautiful one. The lawn was lighted with fifty or more incandescent colored lights which made a beautiful spectacle. There were several out of town guests, the following having arrived yesterday from St. Paul: Mrs. Mortinson and the Misses Frida and Annie Mortinsen and Mr. and Mrs. Gust Olson.

The happy couple left this afternoon for a short wedding trip and they carry with them the best wishes of a large circle of friends in the city and elsewhere.

Last evening at the home of the brides parents Mr. Ami Guld Shanks of Monticello and Miss Emma H. Schmidt of this city were united in marriage, the Rev. A. H. Carver officiating. The wedding occurred at 7:30 o'clock and was attended by a number of friends and relatives. The maid of honor was Miss Edith H. Schmidt, sister of the bride and the best man was Mr. Albert Shanks brother of the groom. The young couple left this afternoon for Monticello, their future home. The bride has many friends in this city who extend congratulations.

The following from the Minneapolis gives a brief account of the marriage of Mr. Rowland F. Walters and Miss Henrietta Gertrude Fox which occurred in Minneapolis yesterday morning:

"An early morning wedding took place in Grace Episcopal church at 6:45 o'clock today, when Miss Henrietta Gertrude Fox and Rowland F. Walters of Brainerd, Minn., were married. There were no attendants and the bride wore her going away gown of brown. The service was read by Rev. J. A. Tenbroeck, and was followed by a wedding breakfast at the home of the bride's parents, Mr. and Mrs. Granville G. Fox, 2204 Seventh avenue south. Mr. and Mrs. Walters left on the morning train for Brainerd, where they will be at home after June 20.

Cleverly written essays, good orchestral music, beautiful floral contributions and the excellent musical numbers marked the event of the graduating exercises of the class of 1901 at Gardner hall last evening. The hall was filled long before the hour to its utmost seating and standing capacity, and never has any class of the Brainerd High School enjoyed the distinction of graduating before a more appreciative and intelligent audience.

The stage had been transformed into a bower of beauty, a great American flag being used as an excellent back ground for the pleasing arrangement of banks of evergreen, potted plants and cut flowers. The class colors, old rose and cream, were used in profusion, one of the most distinct features being a large old rose and cream colored banner stretched across in front of the stage with the class motto, "Non Scholae Sed Vitae Discimus", printed thereon.

The seating space on the platform was occupied by Prof. John L. Torrens, Prof. Hanft and Miss Ruth S. Hutchinson and the members of the graduating class, the young lady members of the class appearing to good advantage in their gowns of immaculate white. Graham's orchestra furnished the music for the occasion and after the rendition of two numbers, the ten members of the class accompanied by members of the faculty marched to the stage. The appearance of the class drew forth deafening applause which was certainly a compliment and must have stirred the hearts of the ten young people who were about to be graduated.

After the orchestral numbers invocation was offered by Rev. Father D. W. Lynch in a very impressive manner.

Miss Lottie Elizabeth White demonstrated her adaptability as a salutarian, her address of welcome being replete and unique. Representing the class she stated that the greeting was of especial welcome for there was a feeling that the interest of those assembled, ever manifest toward the members of the class, had encouraged them to strive toward ideals brought before them by their faithful instructors. There was a feeling that it was an old story to tell those who had assembled how much they owed to its' a'nci'ers, but it was true. Miss White brought out the thought that this was no ordinary graduating exercise or commencement festival. This class has the honor of appearing before a Brainerd audience as the first to graduate from the High School in the twentieth century. None can lay claim to this fact—they are first. A very apt and witty presentation was made of the facts and Miss White received many congratulations.

Miss Muriel Burrell's essay on "Patriotism" shows some good work and some excellent thoughts were presented which she deemed were the true elements of patriotism. Patriotism is the love of country; the passion of man which prompts him to defend his country and principles at the risk of his life, if need be. She pointed out that there was sometimes a claim to patriotism which should be rejected, for the elements were not patriotic at all. As true examples of the higher patriotism she pointed to such men as

Nathan Hale and Benedict Arnold. In reviewing ancient history it is found that all governments are founded upon patriotism. Rome and Athens are examples of what patriotism will do. Luxury and selfishness crushed, virtue and patriotism die. This is a fair example of other countries that have failed. The greatest patriotism is not always exemplified in the laying down of one's life. One can be a patriot in times of peace by living an honest life, true to himself and to his country.

Mr. Edgar Kay Park's presentation of the "Future of Brainerd" was very interesting in point of composition and thought as will as being complete with some excellent statistics. He said that one of the great laws of the universe was that all things must grow from small beginnings and reach their fullest development after a long and oftentimes painful struggle. Mr. Parks went over the improvements made in the city and pointed out in a very minute and interesting manner the many improvements in the city. He stated that it was a pleasant thing to the class that Brainerd was going onward and upward and it would be the firm desire of the class of 1901 to do what it could to advance the interests of the city.

Miss Ella Mitchell had a very well written essay on "Habit" and it was very interesting. Longfellow, she said, tells us that life is one and universal. "The poet was probably thinking of both plant and animal life. It has been said that man is a bundle of habits. At any rate a man's true character is disclosed by his habits. To a great extent our habits are influenced by our friends and companions. Success in life depends on the strength of the individual to cultivate the good habits.

Mr. Walter Clifford Hinman treated the subject of "Athletics" in a very able manner. He said that education in the highest sense of the word did not mean the ability to force the greatest amount of learning into one's brains; but rather to develop the mental, moral and physical faculties. This at least is the standard of modern educators. In early history academies and colleges took a great interest in athletics. Mr. Hinman reviewed the history of the different games and talked at some length about the popularity of the different ones played in this country.

Miss Dottie Sorenson had an essay on "Who is Brave?" The brave, she said, were not necessarily those who performed great deeds in the face of danger and for so doing merited the praise of a nation, for often times, all unknown to the outside world, deeds which require a great deal more of genuine courage are unhesitatingly performed. She spoke at length about the motive of an act of bravery. The pages of history tell of the great deeds of men at war. As the greatest example of bravery she pointed out George Washington—he of greatest fame, the father of the country. He who does that which is right in spite of the temptations which assail him on every hand, who would rather give up his life than sacrifice principles, is the man of the finest type of bravery.

Miss Katie May Paine had an essay on the subject, "Each and all." Tomorrow the class members go forth into the wide world there to make themselves what they will. The world is theirs to use as they will and as individuals make up the whole they will form a part of the great elements which mould and build up. Every person is led and he himself is a leader. Especially is this true among friends. To-day they stand upon the border line between the past and the future but to-morrow they go forth to make progress. As their strength is so will their progress be. Beings live but to act, that each to-morrow find them farther than to-day.

Francis Charles McGivern spoke on the "Triumphant Democracy." Mr.

McGivern's effort was especially pleasing and so thoroughly did he captivate the audience that he he was interrupted during the delivery with frequent applause. It was the best effort of the evening. His delivery for a young man is excellent and he should be encouraged. He said that from the earliest period of history there has been witnessed the struggle of man for absolute freedom. He has attempted and failed and generations and centuries have only recorded the repetition of his failure. Through the turbulent centuries the individual man has forged to the front, he is still in the heat of the struggle but he has tested his power, he has proved his strength and he knows that the world is his.

Miss Katharine Anna Cosgrove presented a strong, well written essay on the "Success in Life." Her delivery was especially good and it was a very meritorious effort. From the earliest days of childhood, she said, we meet with obstacles that must be overcome before we can make any progress. Study and perseverance are easy and pleasant for when the pain is gone we forget the cause of it. But to stop and give up the disagreeable tasks that present themselves one would be at the mercy of the world, not like the child that is learning to walk, for we could not be expected to be urged on. None are born wise and though it may be easier for some to become wise than others, the most learned are those who have studied the hardest and who have fought all the battles as they presented themselves. Not only in the schoolroom is success attained by perseverance but in every profession in life.

Miss Eloise Smith had a very poetically written essay on the, "Comedy of Life." Happy is the man who can regard life as comedy and at the same time prevent it from degeneration into a farce. To him the world becomes a bower of roses instead of a vale of tears; his path through life a joyous stroll instead of a mournful pilgrimage; his misfortune the occasion of a laugh as with a brave endeavor the sob is stilled, unborn. His is the brave soul that will admit of no circumstances which it cannot surmount and control. He is the man who has learned in the cruel school of experience that a narrow thread divides comedy and tragedy and that either a tear or a smile may determine which the play may be. While no valedictory address had been advertised technically, Miss Smith had this honor. In her address to the class mates she said that after last night the class would probably never meet again as an organization. The interest, however, in one another will always be felt. To the superintendent and teachers she extended on behalf of the class heartfelt thanks for the benefit of the instruction and guidance. The never failing interest and patience of the teachers was mentioned as a potent factor in their school labors. To the president and board of education Miss Smith paid a high compliment to their earnestness and solicitude in behalf of the class; for the gifted teachers and excellent methods of training; and for the kindness and favors shown the class.

To citizens and friends the class felt much indebted for they realized that without their assistance the public schools would not be what they are today. In closing Miss Smith said that the happy memories of these past years will hinge in their hearts and it was hoped that all would retain some remembrances of the class of 1901.

Prof. J. L. Torrens then addressed the class at length and presented the individual members with their diplomas. He said that when he came to this city in August of last year the thing that impressed him the most, from an educational standpoint, was the magnificence of the school buildings. When the improvements this year are completed, he said, no city in the state of Minnesota could boast of five such fine school buildings. He also spoke of the increase in attendance over the preceding year. The total enrollment for the year preceding this one was 1900, while this year the enrollment reaches 2001. The professor had a pleasant look on his face and he stated while he had no claim on this class in particular, having spent but a year in the city, still he felt that they were a credit to the city and an honor to the schools.

The music of the evening was furnished by Miss Jennie Mysen, who gave an instrumental solo; Frank McCarthy, who gave a vocal solo; and a sextette of very handsome young maidens. The benediction was offered by Rev. A. H. Carver.

THREE WEDDINGS CHRONICLED.

Miss Etama Schmid Married to Mr. Ami Guld Shanks-Walters-Fox Ceremony.

One of the prettiest weddings that has been witnessed in the city of Brainerd for sometime was the one that occurred last evening at 8 o'clock at the Norwegian Lutheran church when the nuptials of Mr. Charles Oscar Hagberg and Miss Eda Marie Lindbergh, both popular young people of this city, were solemnized, the Rev. J. A. Johnson officiating.

After the wedding ceremony the party partook of a wedding dinner at the home of the bride's parents, Mr. and Mrs. O. A. Lindbergh. The dining room had been handsomely decorated for the occasion, pink and white being the predominating colors. Evergreen and white honeysuckle were profusely used in the decorations. The presents were very numerous and handsome.

The maid of honor was Miss Ruth Lindbergh and Mr. Fritz Hagberg, brother of the groom, was best man. The bridesmaids were the Misses Jennie Lindeen and Emma Beck and the groomsmen were Messrs. John Bye and Erick Westberg.

The happy couple left this afternoon for a short wedding trip and they carry with them the best wishes of a large circle of friends in the city and elsewhere.

Last evening at the home of the brides parents Mr. Ami Guld Shanks of Monticello and Miss Emma H. Schmidt of this city were united in marriage, the Rev. A. H. Carver officiating. The wedding occurred at 7:30 o'clock and was attended by a number of friends and relatives. The maid of honor was Miss Edith H. Schmidt, sister of the bride and the best man was Mr. Albert Shanks brother of the groom. The young couple left this afternoon for Monticello, their future home. The bride has many friends in this city who extend congratulations.

The following from the Minneapolis gives a brief account of the marriage of Mr. Rowland F. Walters and Miss Henrietta Gertrude Fox which occurred in Minneapolis yesterday morning:

"An early morning wedding took place in Grace Episcopal church at 6:45 o'clock today, when Miss Henrietta Gertrude Fox and Rowland F. Walters of Brainerd, Minn., were married. There were no attendants and the bride wore her going away gown of brown. The service was read by Rev. J. A. Tenbroeck, and was followed by a wedding breakfast at the home of the bride's parents, Mr. and Mrs. Granville G. Fox, 2204 Seventh avenue south. Mr. and Mrs. Walters left on the morning train for Brainerd, where they will be at home after June 20.

A Spanish-American War Album.
The pictorial history of the Spanish-American war which the war department is constructing will when finished be a very beautiful affair, says a Washington dispatch to the New York Post. It is an album of photographs enlarged to a uniform size of 19 by 12 inches and bound chronologically. The first picture represents the first scene of a soldier's life—enlisting. Then come the drills, the get away, the camp, the departure from Florida, the landing at Guantanamo, the battle of San Juan Hill, etc. The series has already advanced to the landing. The photographs are in many cases snap shots, but Captain Root, who has been detailed to this work, is an expert photographer and has had great success in enlarging small negatives. Thousands of photographs have been lent to the department, and the album will have the pick of the best.

BANQUET AMERICANS
LONDON CHAMBER OF COMMERCE DINES MEMBERS OF NEW YORK BODY.

GOOD FEELING PREVAILED

Dinner Was One of the Handsomest Affairs of the Kind Ever Given in a City Famous for Its Lavish Hospitality—All Speakers Expressed the Belief That America and Great Britain Will Rule World's Destinies.

London, June 6.—The banquet tendered by the London chamber of commerce to the delegates of the New York chamber of commerce at Grocers' hall was one of the handsomest affairs of the kind ever given in a city famed for lavish hospitality. No effort was spared to honor the American guests, but it must be confessed that the latter did not sustain the reputation America has for brilliant after dinner speaking. Nor did the British speakers do much to relieve the tedium of four hours' speaking. All the speeches, however, teemed with extreme friendliness and faith in the establishment of permanent friendly relations. All the speakers expressed the belief that Great Britain and the United States would rule the destinies of the world and that their unwritten alliance would always work for peace and the benefit of mankind. Grocers' hall, just opposite the Bank of England, has the reputation of being the most interesting chamber of all the city companies. The tables were decorated with a profusion of flowers and historic plate. Around the hall is a gallery which as the evening advanced was filled with ladies who attended to hear the speeches.

Lord Brassey presided. On his right was Mr. Choate and on his left Lord Lansdowne, Morris K. Jessup, Andrew Carnegie, Cornelius N. Bliss, Lord Alverstone, (lord chief justice of England), Mr. Griscom, George G. Ward, Lord Strathcona and Mount Royal, Levi P. Morton, L. V. Atterbury (president of the Associated Chambers of Commerce), and J. Pierpont Morgan, were among those seated at the table of honor. In all nearly 300 were present.

In welcoming the guests Lord Brassey, who made the first speech, said: "We welcome them as the representatives of the skill and enterprise, which have turned the vast resources of the American continent to the service of mankind. We are largely sharers in these benefits. Our teeming millions could not live without the food America produces and the raw materials for our industries. America teaches us lessons not only in the creation but in the liberal distribution of wealth."

Carnegie's Rousing Reception.
Mr. Jessup, president of the chamber of commerce, replied to the address of welcome.

Mr. Jessup was followed by Lord Avebury, A. Foster Higgins and A. Barton Hepburn.

Mr. Hepburn aroused interest by an intimation that the United States was entering upon the stage of tariff relaxation.

Lord Alverstone paid an eloquent tribute to the United States.

Mr. Carnegie, who had the best reception of the evening, then rose. He dwelt upon the importance of the growing relations between the two countries.

Mr. Griscom, whose arrival in time for the banquet created much interest, dwelt upon the expansion of American shipping.

The hour was now so late that several toasts were dispensed with and the proceedings were brought to an end with a few words from Mr. Choate who declared that London had done a noble act in extending the hand of friendship to a most formidable rival. "Commerce," he said, "will be the real peacemaker and a blessing to mankind. Any real conflict between our two countries is impossible."

MUST SERVE IN HIS PLACE.

Penalty of Forging a Pardon for a Texas Life Convict.

Austin, Tex., June 6.—The court of criminal appeals at Austin has affirmed the sentence of W. J. Dent, who forged a pardon on which George Isaacs, a life term murderer, secured his release from the penitentiary. The Texas law provides as a penalty that Dent must serve the life term in place of Isaacs. Dent claims to be a member of a prominent Kentucky family and a nephew of General Stonewall Jackson.

ENTIRE TOWN DESTROYED.

Willits, Cal., Visited by a Disastrous Fire.

Ukiah, Cal., June 6.—The town of Willits, 25 miles north of here, is on fire. With the exception of two stores the entire town has been destroyed. The fire is still raging. Willits is a town of about 800 inhabitants.

National Cash Register Strike Over.

Dayton, O., June 6.—Labor unions here in joint session have voted to accept terms for the settlement of the strike at the National Cash Register works. The company agreed to take back the old force, excepting four men whose discharge caused the trouble. Work probably will be resumed by the 2,500 employees on Monday.

DREYFUS' ATTORNEY HONORED.

Maitre Labori, Distinguished French Advocate, Dined in London.

London, June 6.—Maitre Labori, the distinguished French advocate, speaking in a strange tongue, English, held the leaders of the British bench and bar spellbound by his eloquence. More than 500 of Great Britain's most eminent jurists, including the lord high chancellor, all the leading members of the cabinet, the justices of the high court of judicature and many other distinguished persons, did honor to the attorney of Dreyfus and paid him a tribute, such as was never before rendered in Great Britain to a Frenchman. The occasion was the annual dinner of the Hardwick society. Lord Halsbury, Sir Edward Carson, the solicitor general; Sir Robert Findlay, the attorney general; Sir Francis Jeune, president of the probate, divorce and admiralty division; Lord Morris, Sir Edward Clarke and other prominent men, taking care to refer to M. Labori as the representative of the bar of a great friendly nation; praised his splendid courage, indomitable persistence and invaluable services to the cause of justice.

Overcome with emotion Maitre Labori wiped the tears from his eyes. Mme. Labori, who is an Englishwoman, and who sat in the gallery among a hundred of her kinswomen, was no less affected as she heard her husband honored in such an exceptional manner. For nearly five minutes a deafening din made M. Labori quite inaudible. Then with a marvellously good control of English he modestly but graphically told of the crisis in the French nation. Every point was applauded and his splendid peroration, which was delivered in his native French, was followed by scenes of enthusiasm, such as have seldom been witnessed at a banquet in this country.

After the formal ceremonies were concluded he was literally mobbed by admirers.

TWO CADETS DISMISSED.

Falsely Obtained Permission to Leave Post at West Point.

West Point, N. Y., June 6.—Two cadets, members of the coming first class, were summarily dismissed from the United States military academy during the day. They are Stephen B. Verner of Syracuse, N. Y., and Charles S. Perry of Iowa. They were courtmartialled upon a charge of having falsely obtained permission to leave the post. This permission having been granted them they were subsequently detected by an army officer drinking at a bar in Newburg. They were dismissed without travel pay and started for home immediately.

Among the newly appointed cadets are the following: W. P. Abbott, Minnesota; B. M. Gibson, Iowa; John Lund, Iowa; F. L. Rechmuth, Wisconsin; J. B. Shouse, South Dakota; T. K. Simmons, Minnesota.

HAZING AT ANNAPOLIS.

California Cadet Tried by Courtmartial and Dismissed.

Washington, June 6.—Following the example set at West Point, the superintendent of the naval academy has caused a cadet to be dismissed for hazing. In this case, however, that of Calvin Joy Cressey of the fourth class of California, the accused was tried by courtmartial and regularly convicted.

The details of the courtmartial are not made public, but it is understood that the dismissed cadet was discovered in the act of hazing a junior in his room by compelling him to stand on his head. It was suspected that the practice might spread rapidly, so speedy and drastic action was had as a deterrent.

"VEILED LADY" ARRESTED.

First Step to Unravel the Boyd Murder Conspiracy at Toronto.

Toronto, Ont., June 6.—Thomas Jones, one of the Chicago bank robbers shot in the endeavor to escape, has been sent to the hospital. His arm is so badly fractured and broken that it will have to be amputated. Miss Vina Zavey, the "veiled lady" whose constant attendance at the trial has excited all sorts of speculation, was arrested as the first step in an attempt to unravel the conspiracy which led to the murder of Constable Boyd. She refused to say a word. She is believed to have come from Chicago. The trial of Rutledge and Rice was concluded and the jury now has the case.

ANOTHER MEMORABLE DAY.

Pure Bred Shorthorn Cattle Bring Highest Prices of the Year.

Chicago, June 6.—This was another memorable day in the amphitheater at the Union Stock Yards. In the record breaking pure bred shorthorn cattle sale held there by W. D. Flatt, H. H. Cochrane and other Canadian breeders, 49 cows sold for \$40,015, an average of \$816.63 per head. Eleven bulls brought \$4,885, an average of \$444.09 each, making a total of 60 head sold for \$44,900, a general average of \$748.33 per head. The day's averages are the highest obtained at any public sale of any breed this year.

Iowa G. A. R. Encampment.

Dubuque, Ia., June 6.—The second day of the G. A. R. encampment found upwards of 10,000 visitors in town. George Metzger of Davenport was elected department commander. The Sons of Veterans chose Harry Green of Des Moines as commander. There were 2,000 veterans in the parade. Senators Allison and Dolliver and Congressman Hedges and Lacey reviewed the parade.

ANOTHER MEMORABLE DAY.

Pure Bred Shorthorn Cattle Bring Highest Prices of the Year.

Chicago, June 6.—This was another memorable day in the amphitheater at the Union Stock Yards. In the record breaking pure bred shorthorn cattle sale held there by W. D. Flatt, H. H. Cochran and other Canadian breeders, 49 cows sold for \$40,015, an average of \$816.63 per head. Eleven bulls brought \$4,885, an average of \$444.09 each, making a total of 60 head sold for \$44,900, a general average of \$748.33 per head. The day's averages are the highest obtained at any public sale of any breed this year.

Iowa G. A. R. Encampment.

Dubuque, Ia., June 6.—The second day of the G. A. R. encampment found upwards of 10,000 visitors in town. George Metzger of Davenport was elected department commander. The Sons of Veterans chose Harry Green of Des Moines as commander. There were 2,000 veterans in the parade. Senators Allison and Dolliver and Congressman Hedges and Lacey reviewed the parade.

A Spanish-American War Album.
The pictorial history of the Spanish-American war which the war department is constructing will when finished be a very beautiful affair, says a Washington dispatch to the New York Post. It is an album of photographs enlarged to a uniform size of 10 by 12 inches and bound chronologically. The first picture represents the first scene of a soldier's life—enlisting. Then come the drills, the get away, the camp, the departure from Florida, the landing at Guantanamo, the battle of San Juan Hill, etc. The series has already advanced to the landing. The photographs are in many cases snap shots, but Captain Root, who has been detailed to this work, is an expert photographer and has had great success in enlarging small negatives. Thousands of photographs have been lent to the department, and the album will have the pick of the best.

Some Opposition Encountered.
Pasig, Province of Manila, P. I., June 6.—The United States Philippine commission has encountered warm opposition to the proposal to combine the provinces of Morong and Manila. A majority of the Morong delegates hold that the population of that province entitles them to a separate government. Some of the delegates from both provinces desire annexation. The commissioners have deferred creation of the proposed new province.

Bridegroom Did Not Appear.
Austin, Tex., June 6.—Mrs. Rose Herne committed suicide here. She had secured a divorce a week ago and was to have been married a second time. Instead of putting in an appearance it is claimed the prospective bridegroom left town. Upon hearing this Mrs. Herne drew a pistol and blew out her brains in the presence of her former husband, who had just driven up to her home with their son, whom he had taken out driving.

BANQUET AMERICANS

LONDON CHAMBER OF COMMERCE DINES MEMBERS OF NEW YORK BODY.

GOOD FEELING PREVAILED

Dinner Was One of the Handsomest Affairs of the Kind Ever Given in a City Famous for Its Lavish Hospitality—All Speakers Expressed the Belief That America and Great Britain Will Rule World's Destinies.

London, June 6.—The banquet tendered by the London chamber of commerce to the delegates of the New York chamber of commerce at Grocers' hall was one of the handsomest affairs of the kind ever given in a city famed for lavish hospitality. No effort was spared to honor the American guests, but it must be confessed that the latter did not sustain the reputation America has for brilliant after dinner speaking. Nor did the British speakers do much to relieve the tedium of four hours' speaking. All the speeches, however, teemed with extreme friendliness and faith in the establishment of permanent friendly relations. All the speakers expressed the belief that Great Britain and the United States would rule the destinies of the world and that their unwritten alliance would always work for peace and the benefit of mankind. Grocers' hall, just opposite the Bank of England, has the reputation of being the most interesting chamber of all the city companies. The tables were decorated with a

Profusion of Flowers
and historic plate. Around the hall is a gallery which as the evening advanced was filled with ladies who attended to hear the speeches.

Lord Brassey presided. On his right was Mr. Choate and on his left Lord Lansdowne. Morris K. Jessup, Andrew Carnegie, Cornelius N. Bliss, Lord Alverstone, (lord chief justice of England), Mr. Griscom, George G. Ward, Lord Strathcona and Mount Royal, Levi P. Morton, L. V. Atterbury (president of the Associated Chambers of Commerce), and J. Pierpont Morgan, were among those seated at the table of honor. In all nearly 300 were present.

In welcoming the guests Lord Brassey, who made the first speech, said: "We welcome them as the representatives of the skill and enterprise, which have turned the vast resources of the American continent to the service of mankind. We are largely sharers in these benefits. Our teeming millions could not live without the food America produces and the raw materials for our industries. America teaches us lessons not only in the creation but in the liberal distribution of wealth."

Carnegie's Rousing Reception.
Mr. Jessup, president of the chamber of commerce, replied to the address of welcome.

Mr. Jessup was followed by Lord Avebury, A. Foster Higgins and A. Barton Hepburn.

Mr. Hepburn aroused interest by an intimation that the United States was entering upon the stage of tariff relaxation.

Lord Alverstone paid an eloquent tribute to the United States.

Mr. Carnegie, who had the best reception of the evening, then rose. He dwelt upon the importance of the growing relations between the two countries.

Mr. Griscom, whose arrival in time for the banquet created much interest, dwelt upon the expansion of American shipping.

The hour was now so late that several toasts were dispensed with and the proceedings were brought to an end with a few words from Mr. Choate who declared that London had done a noble act in extending the hand of friendship to a most formidable rival. "Commerce," he said, "will be the real peacemaker and a blessing to mankind. Any real conflict between our two countries is impossible."

MUST SERVE IN HIS PLACE.

Penalty of Forging a Pardon for a Texas Life Convict.

Austin, Tex., June 6.—The court of criminal appeals at Austin has affirmed the sentence of W. J. Dent, who forged a pardon on which George Isaacs, a life term murderer, secured his release from the penitentiary. The Texas law provides as a penalty that Dent must serve the life term in place of Isaacs. Dent claims to be a member of a prominent Kentucky family and a nephew of General Stonewall Jackson.

ENTIRE TOWN DESTROYED.

Willits, Cal., Visited by a Disastrous Fire.

Ukiah, Cal., June 6.—The town of Willits, 25 miles north of here, is on fire. With the exception of two stores the entire town has been destroyed. The fire is still raging. Willits is a town of about 500 inhabitants.

National Cash Register Strike Over.

Dayton, O., June 6.—Labor unions here in joint session have voted to accept terms for the settlement of the strike at the National Cash Register works. The company agreed to take back the old force, excepting four men whose discharge caused the trouble. Work probably will be resumed by the 2,500 employees on Monday.

DREYFUS' ATTORNEY HONORED.

Maitre Labori, Distinguished French Advocate, Dined in London.

London, June 6.—Maitre Labori, the distinguished French advocate, speaking in a strange tongue, English, held the leaders of the British bench and bar spellbound by his eloquence. More than 500 of Great Britain's most eminent jurists, including the lord high chancellor, all the leading members of the cabinet, the justices of the high court of judicature and many other distinguished persons, did honor to the attorney of Dreyfus and paid him a tribute, such as was never before rendered in Great Britain to a Frenchman. The occasion was the annual dinner of the Hardwick society. Lord Halsbury, Sir Edward Carson, the solicitor general; Sir Robert Findlay, the attorney general; Sir Francis Jeune, president of the probate, divorce and admiralty division; Lord Morris, Sir Edward Clarke and other prominent men, taking care to refer to M. Labori as the representative of the bar of a great friendly nation; praised his splendid courage, indomitable persistence and invaluable services to the cause of justice.

Overcome with emotion Maitre Labori wiped the tears from his eyes. Mme. Labori, who is an Englishwoman, and who sat in the gallery among a hundred of her kinswomen, was no less affected as she heard her husband honored in such an exceptional manner. For nearly five minutes a deafening din made M. Labori quite inaudible. Then with a marvellously good control of English he modestly but graphically told of the crisis in the French nation. Every point was applauded and his splendid peroration, which was delivered in his native French, was followed by scenes of enthusiasm, such as have seldom been witnessed at a banquet in this country.

After the formal ceremonies were concluded he was literally mobbed by admirers.

TWO CADETS DISMISSED.

Falsely Obtained Permission to Leave Post at West Point.

West Point, N. Y., June 6.—Two cadets, members of the coming first class, were summarily dismissed from the United States military academy during the day. They are Stephen B. Verner of Syracuse, N. Y., and Charles S. Perry of Iowa. They were courtmartialled upon a charge of having falsely obtained permission to leave the post. This permission having been granted them they were subsequently detected by an army officer drinking at a bar in Newburg. They were dismissed without travel pay and started for home immediately.

Among the newly appointed cadets are the following: W. P. Abbott, Minnesota; B. M. Gibson, Iowa; John Lund, Iowa; F. L. Reemuth, Wisconsin; J. B. Shouse, South Dakota; T. K. Simmons, Minnesota.

HAZING AT ANNAPOLIS.

California Cadet Tried by Courtmartial and Dismissed.

Washington, June 6.—Following the example set at West Point, the superintendent of the naval academy has caused a cadet to be dismissed for hazing. In this case, however, that of Calvin Joy Cressey of the fourth class of California, the accused was tried by courtmartial and regularly convicted.

The details of the courtmartial are not made public, but it is understood that the dismissed cadet was discovered in the act of hazing a junior in his room by compelling him to stand on his head. It was suspected that the practice might spread rapidly, so speedy and drastic action was had as a deterrent.

"VEILED LADY" ARRESTED.

First Step to Unravel the Boyd Murder Conspiracy at Toronto.

Toronto, Ont., June 6.—Thomas Jones, one of the Chicago bank robbers shot in the endeavor to escape, has been sent to the hospital. His arm is so badly fractured and broken that it will have to be amputated. Miss Vina Zavey, the "veiled lady" whose constant attendance at the trial has excited all sorts of speculation, was arrested as the first step in an attempt to unravel the conspiracy which led to the murder of Constable Boyd. She refused to say a word. She is believed to have come from Chicago. The trial of Rutledge and Rice was concluded and the jury now has the case.
